## **ROYAL PARK POINT LONSDALE**

The Association is concerned about the Royal Park Amenities project.

Our last communication with Council spoke about a possible “...community engagement and to establish a Project Control Group in order to develop and secure agreement on the scope of the proposed facility and works” (Email 23/3/22 from CEO to Association).

We have had many queries from the community about this project.

As Council's Tender has now been made public, and as far as we know closed, we would like to ask the following:

1. Given the sensitivities around the parkland we seek further clarity about the project and request a community briefing – with all stakeholders.
2. What are the current timelines for the project and what are the likely funding sources?
3. Will the adoption, or not, of the Queenscliffe Tourist Parks Operational Review and the pending Borough Coastal and Marine Management Plan have any bearing on the outcomes of the proposed Amenities Building at Royal Park?
4. Given its coastal location is the proposal consistent with the Victorian Coastal Strategy and will the project require DELWP Coastal Consent?

Yours sincerely

David Kenwood – on behalf of Committee & members
