CC. CEO BoQ - Mr. Martin Gill;

ROYAL PARK POINT LONSDALE/VICTORIA PARK QUEENSCLIFF

ROYAL PARK POINT LONSDALE and VICTORIA PARK QUEENSCLIFF

The Association thanks the CEO for his reply, regarding our questions about the Royal Park Amenities Project.

Given that response indicated that the design project will now be deferred, we would like to ask the following;

1. Has any part of the \$330,000 allocated for the design tender phase been expended, or expected to be expended?

If so how much?

2. What is the next step for works at Royal Park, including the proposed Amenities/Sports building?

On another matter, the Association has had many queries regarding Victoria Park – many of them quite angry. We have directed those queries to the media release (published 25/5/22) on the Borough's website. However, on behalf of ratepayers we would like to ask the following:

1. How much has been spent to date on security fences around the perimeter of Victoria Park?

2. How much has been spent so far on recent Borough arborists and contract tree removalists,

3. Can the Council tell our members what the expected total costs will be for fencing, tree lopping and tree removal work when the latest program finishes?

4. When will Victoria Park reopen to local residents?

5. Will other parks in the Borough be subject to worksafe orders – if so what are the estimate costs of these works?

Yours sincerely

David Kenwood – on behalf of Committee & members
